THRIVE OPT OUT FORM

Dear Parents/Carers,

As a part of our assessment process we have been using Thrive-Online across the whole school in every class. The results help us to plan our social and emotional curriculum. We adapt what we teach to best meet the needs of all the children in the same way we do with academic assessments. We also use Thrive-Online to assess and develop action plans for some individual children. This ensures that the adults working with them understand their individual needs and are able to meet these most effectively.

We would like to be able to assess and develop an individual action plan for your child if the need arises.

Please read the statements below and the 'Embracing Thrive: a parent's guide' in order to understand what the Thrive Approach aims to achieve and how an individual assessment can support children.

- A THRIVE assessment may be carried out for my child
- Personal data will be gathered relating to my child in order to carry out the THRIVE assessment and action plan, this may include contact details, date of birth and information relating to my child's learning and behaviour at school
- My child's personal data will be assessed by individuals from the school and an automated process will assist with the action plan
- My child's personal data and action plan may be shared with other adults and agencies supporting my child. The school will inform me and obtain my consent before sharing any personal data relating to my child.

I understand that information gathered in the THRIVE assessment will be stored in secure computer systems and anonymous statistical information will be created. The data will be deleted in accordance with the schools data retention policy.

The school will only use any personal data collected for the purpose detailed in this letter and in accordance with its privacy policy. The on-line tool is provided by Thrive who will process data on behalf of the school. If I agree in the future, personal data may also be shared with other organisations who may provide support to my child.

If you would **not** like your child to be assessed as an individual. We would ask you to complete the **opt out** slip below.

I am the parent/carer of Child Name.....

My name

Signed.....

Date.....
